

Fan Jet

Water Effect: The Fan Jet creates a fan-shaped sheet of water.

Performance Characteristics: This nozzle has an integral adjustment swivel that provides aiming capability to create different fan shapes.

- **Water Level Dependent** - No
- **Wind Resistance** - Fair
- **Sound Level** - Low
- **Clogging Potential** - Low
- **Splash Radius** - 1.5

Material: Machined cast bronze.

Finish: Natural bronze.

Optional: Nozzles are available in cast stainless steel on special order.
